WANTS TO FUND YOUR PROJECT!

The Community-Based Tenant Initiative Fund finances projects looking to	The Sector Transformation Fund finances projects looking to
<ul style="list-style-type: none">• Promote access to information on improved housing options, financial literacy and tenant rights• Build capacity around housing decisions and responsibilities• Increase tenant participation in housing-related decisions and projects that affect them and in defining services	<ul style="list-style-type: none">• Leverage existing funding• Lead the sector to reduce its environmental footprint• Encourage housing initiatives for Indigenous people• Develop tools and make them more accessible• Support sectoral consolidation and other partnerships• Reinforce organizational capacity• Enhance sector resilience• Identify and fill sectoral gaps in housing services• Engage community

Who can apply?

Sector Transformation Fund: non-profit housing providers, social housing providers, co-operative housing providers and sectoral service providers.

Community-Based Tenant Initiative Fund: non-profit housing providers, social housing providers, co-operative housing providers, sectoral service providers, tenant associations and community organizations.

What is the Centre?

The Centre is a pan-Canadian sector-led initiative, funded through the National Housing Strategy, to increase resilience and growth of the community housing sector. We do so by funding, supporting and building organizational capacities.

Our priorities are to:

Reduce the sector's environmental footprint
Answer to gaps in service for Indigenous communities
Support innovative and sustainable business practices
Increase social inclusion and community engagement
Facilitate the growth of the Community Housing sector
